

Teacher's Check List

Teachers' Crib Notes

To make things as simple as possible here are a few notes and a list to help you prepare for the best school camp ever.

Teacher's Checklist

Teacher Responsibilities

You can choose to be as involved on the camp as you wish. Our Group Leaders are trained to look after your campers and facilitate the entire programme if that is your preference. You are invited to get as involved as you wish to be.

Please share the plan for the trip with your colleagues so that we are all on the same page and have the same expectations.

Marcus/Davina – we need to get more detail from you on what the usual procedure is here – do teachers take responsibility for the kids at night etc.

Teacher Accommodation

Teachers will stay in similar accommodation to the campers or can choose to stay in XXXXXXXX. The rooms are basic amenities but they do have plug points and bathrooms. Most rooms do not have kitchen facilities, please do not cook in the rooms as this is a safety hazard.

We need some input here too please – what is the norm with school camps?

Teacher Checklist

We know that it's easy to get side-tracked when planning an exciting school camp, so we've decided to make it a little easy for you. We recommend the following on your packing checklist:
